PLATFORM ECONOMY

De platform economy consists of all economic activities facilitated by platforms, it has many subcategories:

Sharing economy platforms allow people to temporarily use each others idling capacity, with out without payment.

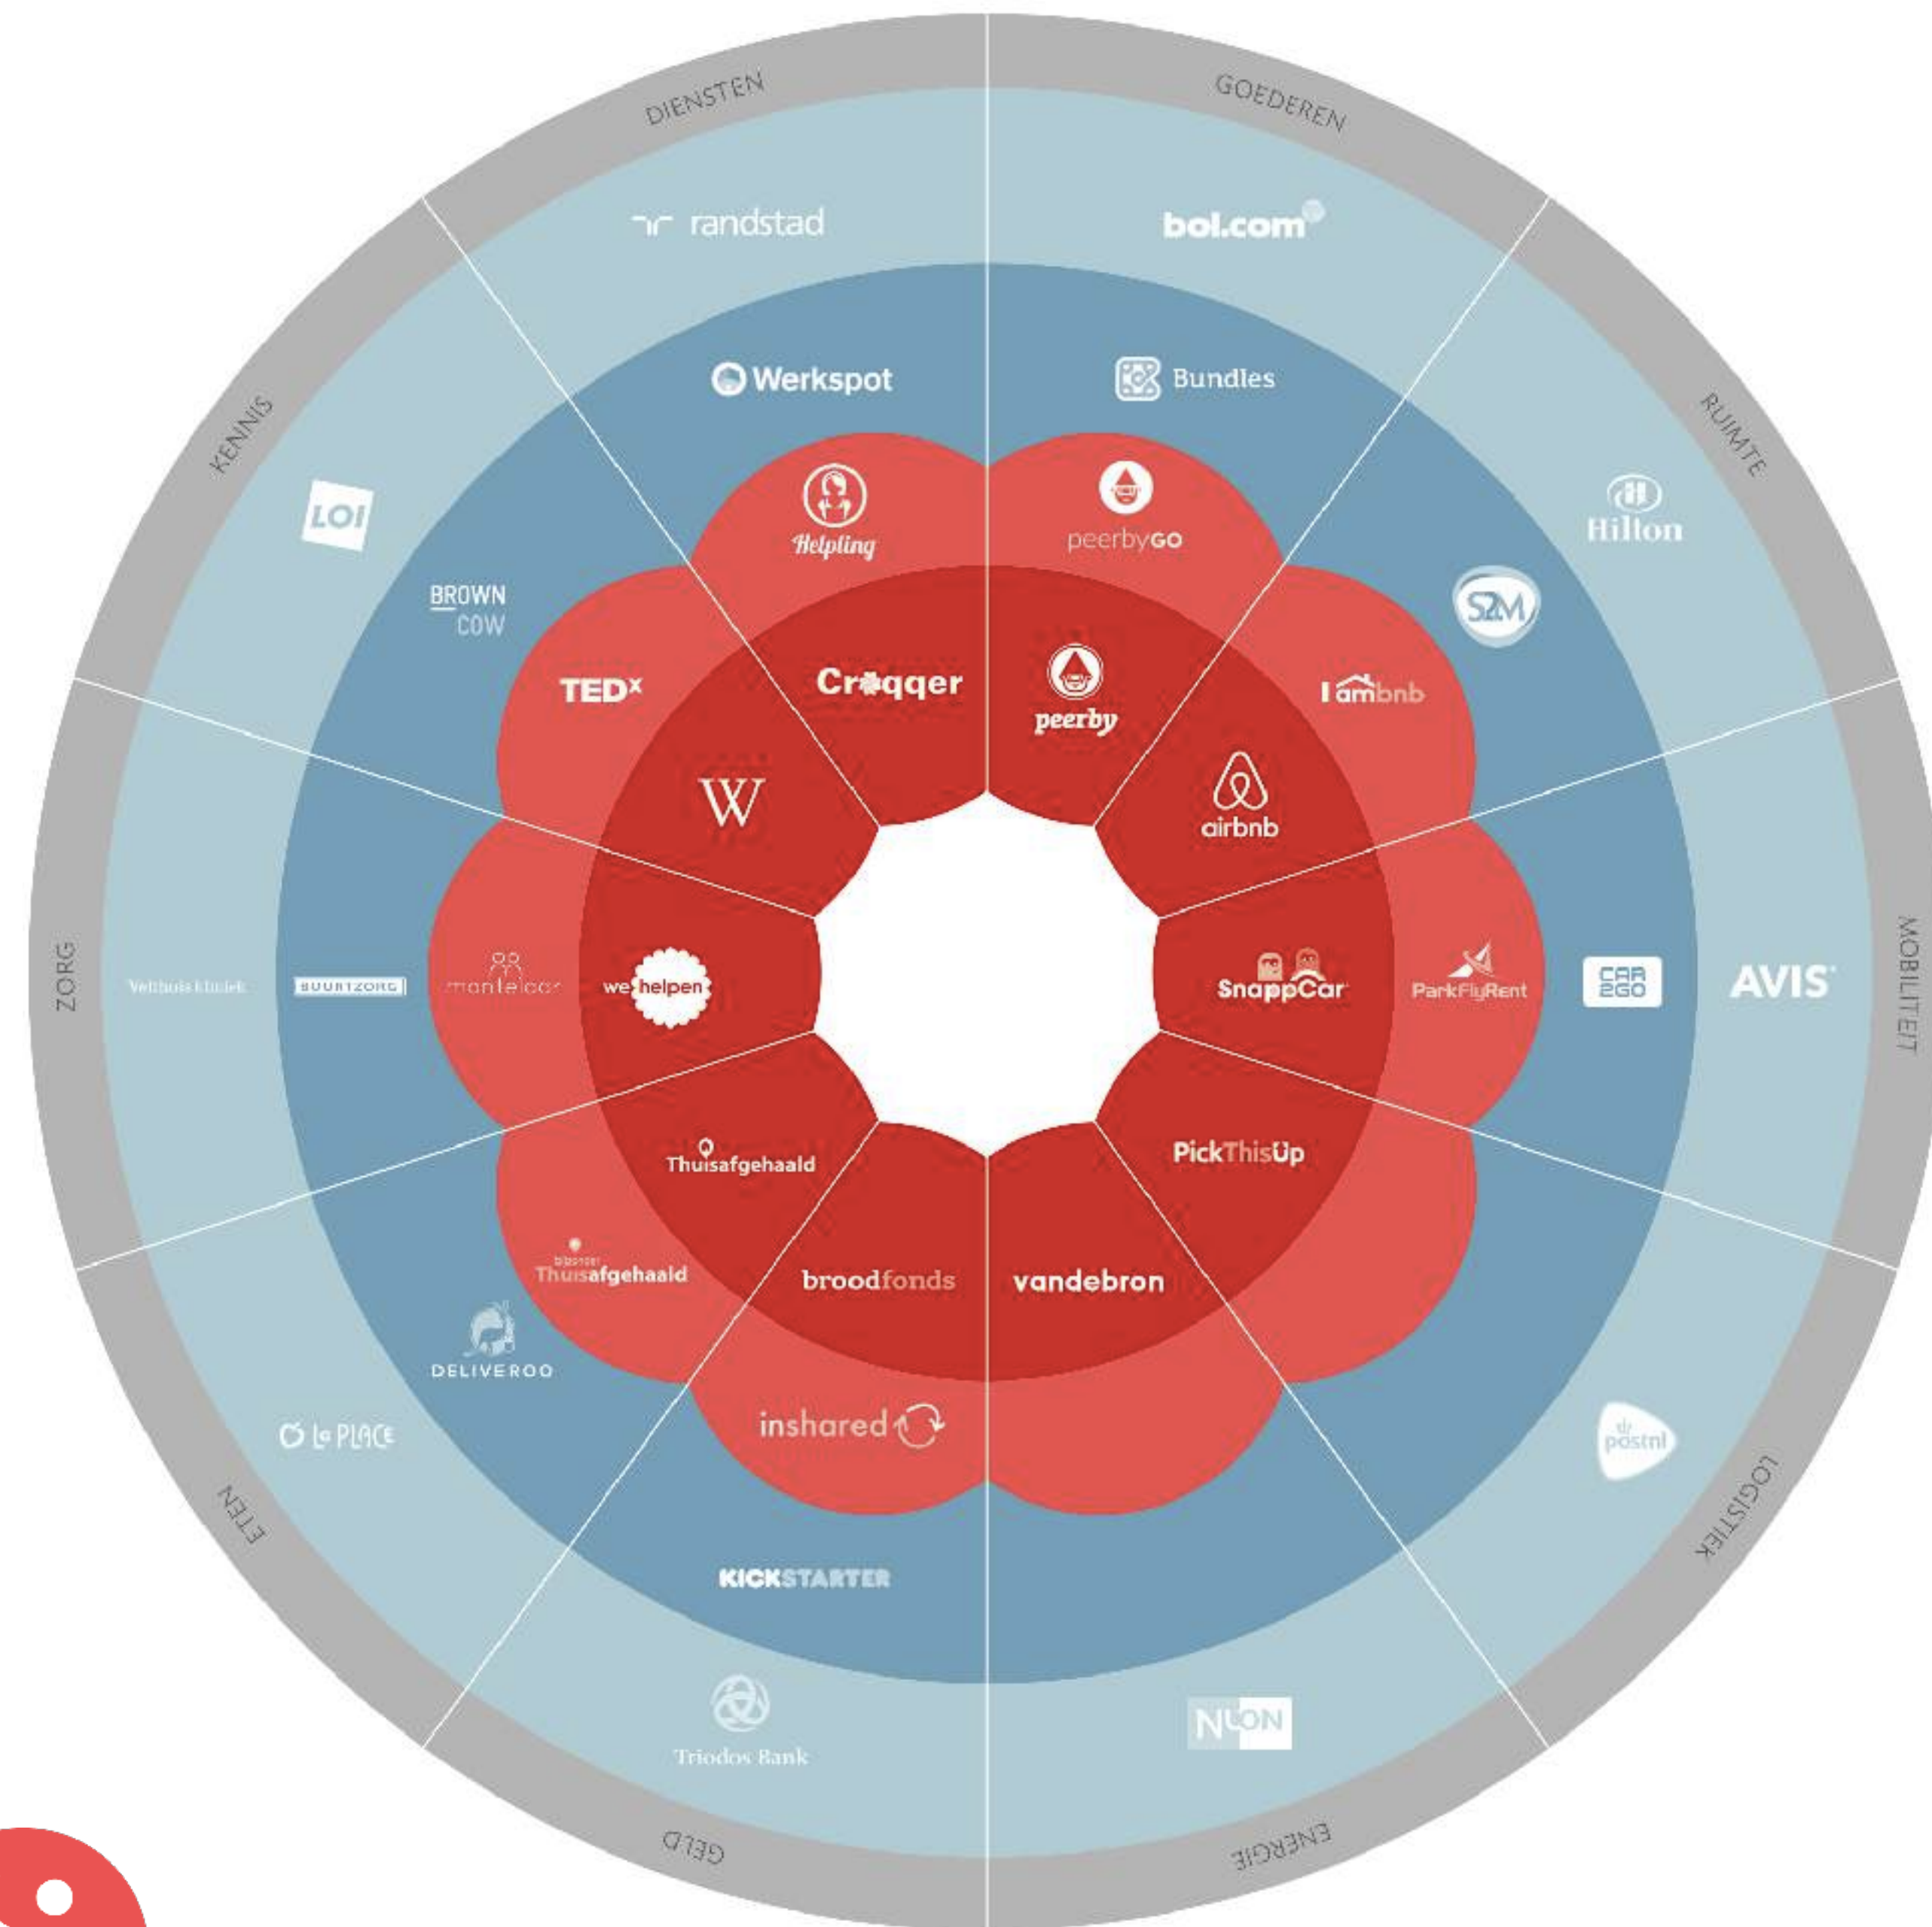

Snappcar | Peerby | Airbnb | 3DHubs | Barqo | Thuisafgehaald | Vandebron | WeHelpen | Blablacar | MyWheels | Konnektid

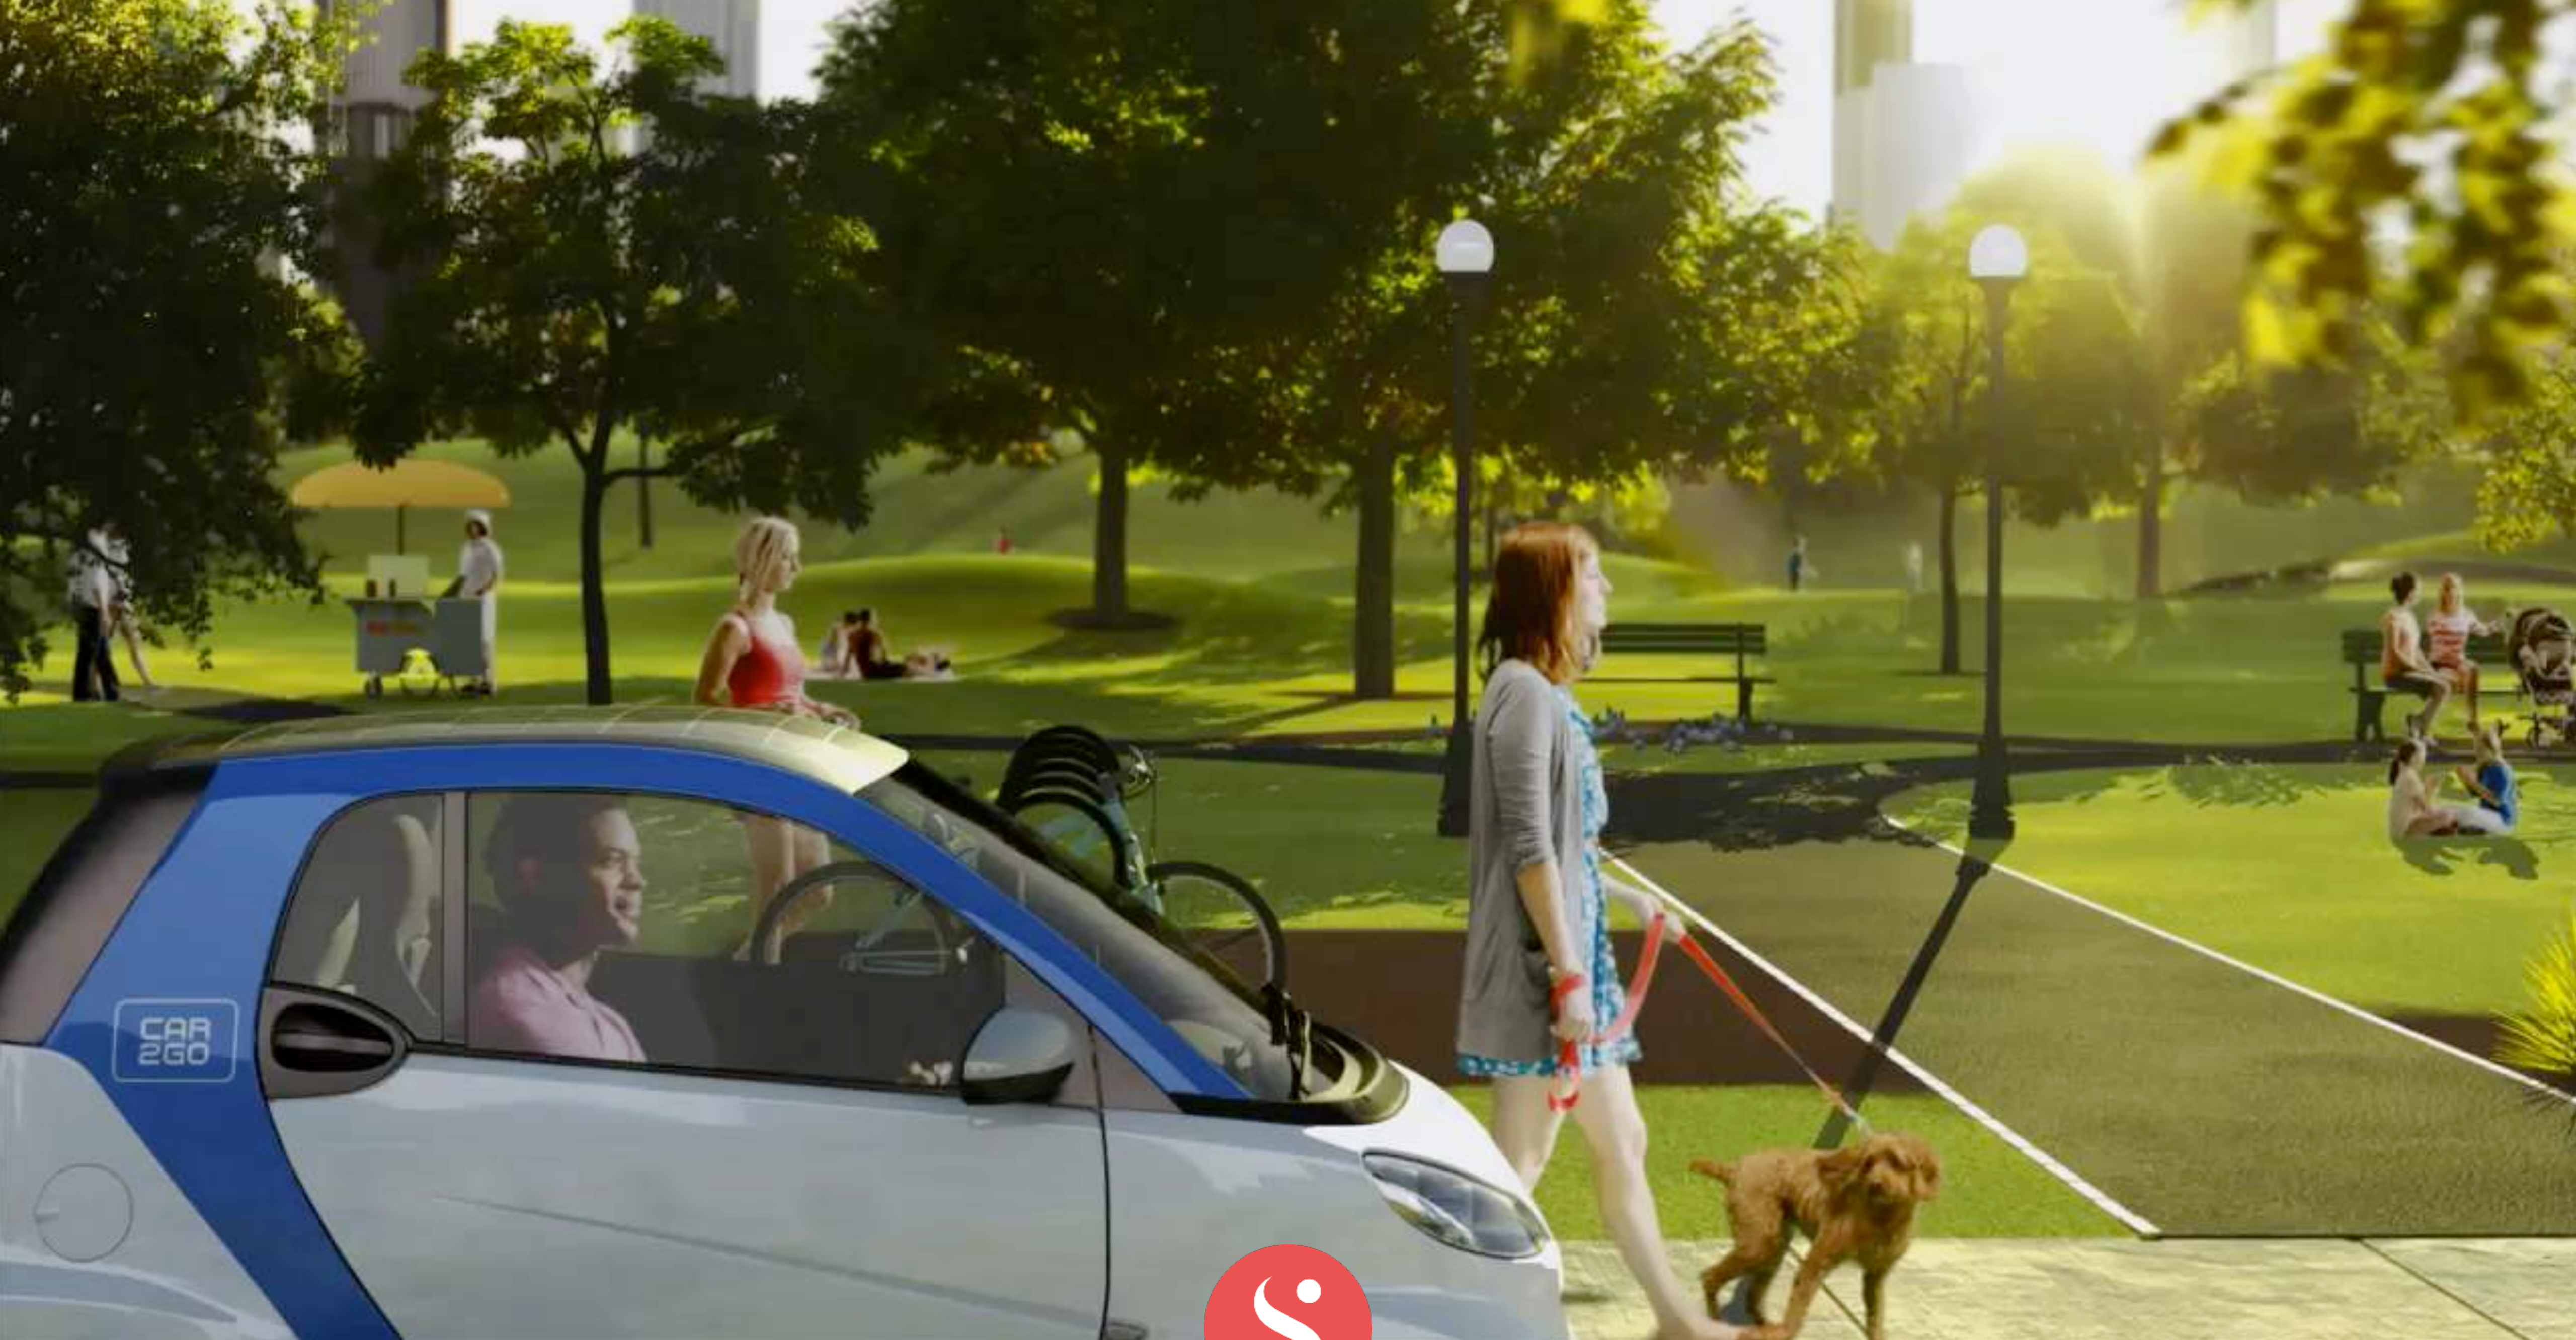

Gig economy platforms match supply and demand of gig work on the labor market.

Uber | Helping | Deliveroo | Werkspot | Taskrabbitt | Upwork

Market economy platforms facilitate the trade of goods and services.

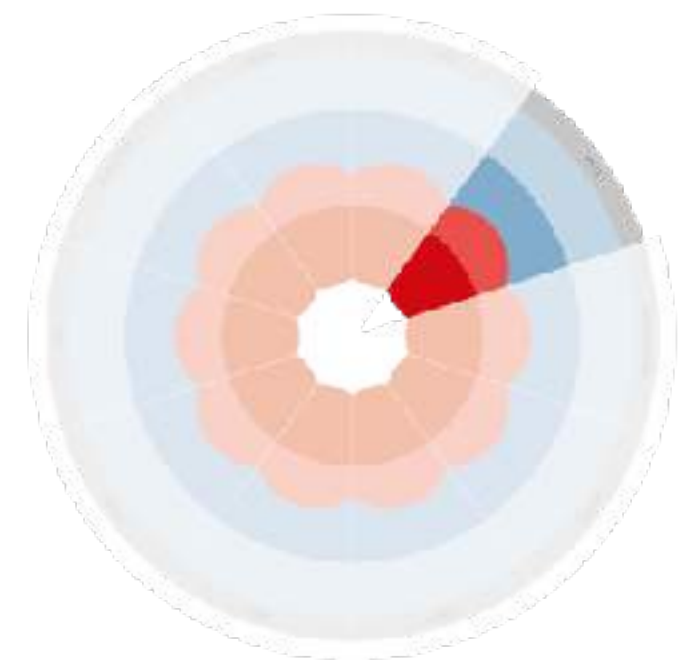

Booking.com | Amazon | Apple Store | Bol.com | Facebook

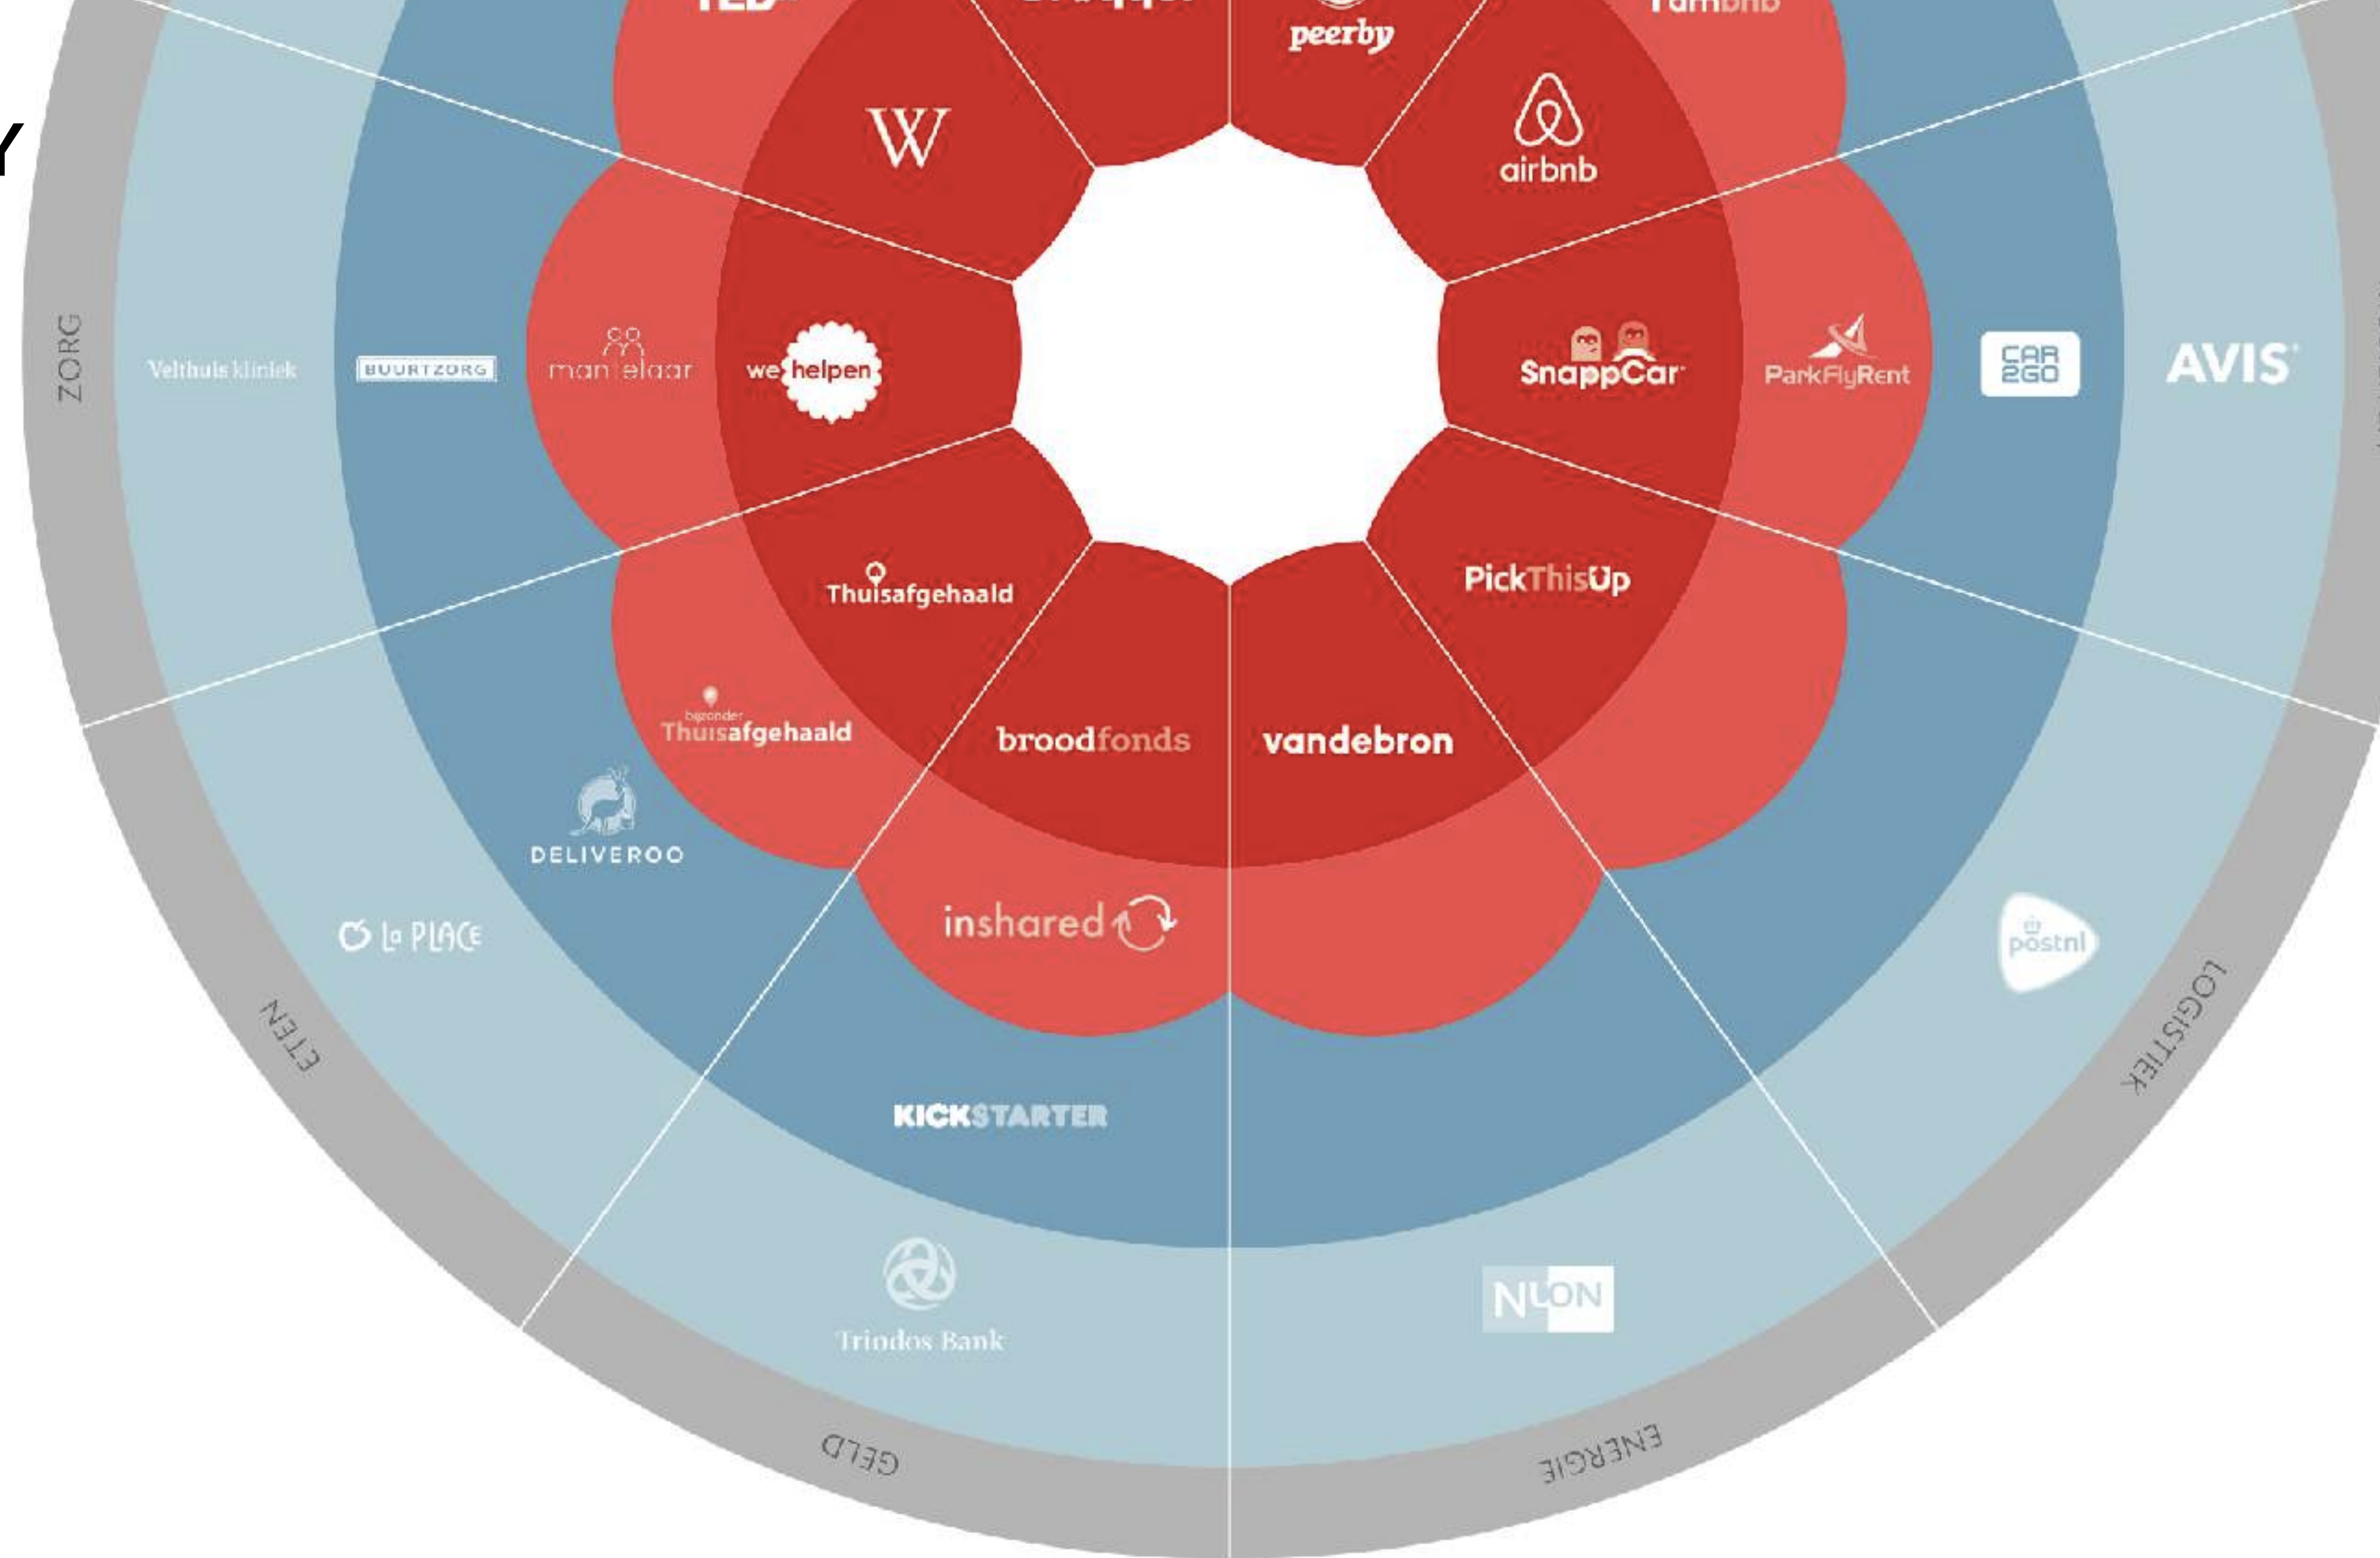

'Be Mate is a collaborative community created for today's travellers looking for unique accommodation without giving up the services of a hotel.'

The Next Hot Job: Pretending to Be a Robot

As the promise of autonomous machines lags the underlying technology, the growing need for human robot-minders could juice the remote workforce

Some of its moves, such as moving the King to the centre of the board, go against shogi theory and - from a human perspective - seem to put AlphaZero in a perilous position. But incredibly it remains in control of the board. Its unique playing style shows us that there are new possibilities for the game."

YOSHIHARU HABU

9-DAN PROFESSIONAL, ONLY PLAYER IN HISTORY TO HOLD ALL SEVEN MAJOR SHOGI TITLES

“

The implications go far beyond my beloved chessboard... Not only do these self-taught expert machines perform incredibly well, but we can actually learn from the new knowledge they produce."

The rise of the financial machines

The
Economist

Forget Gordon Gekko. Computers increasingly call the shots in financial markets

Print edition | Leaders >

Oct 3rd 2019

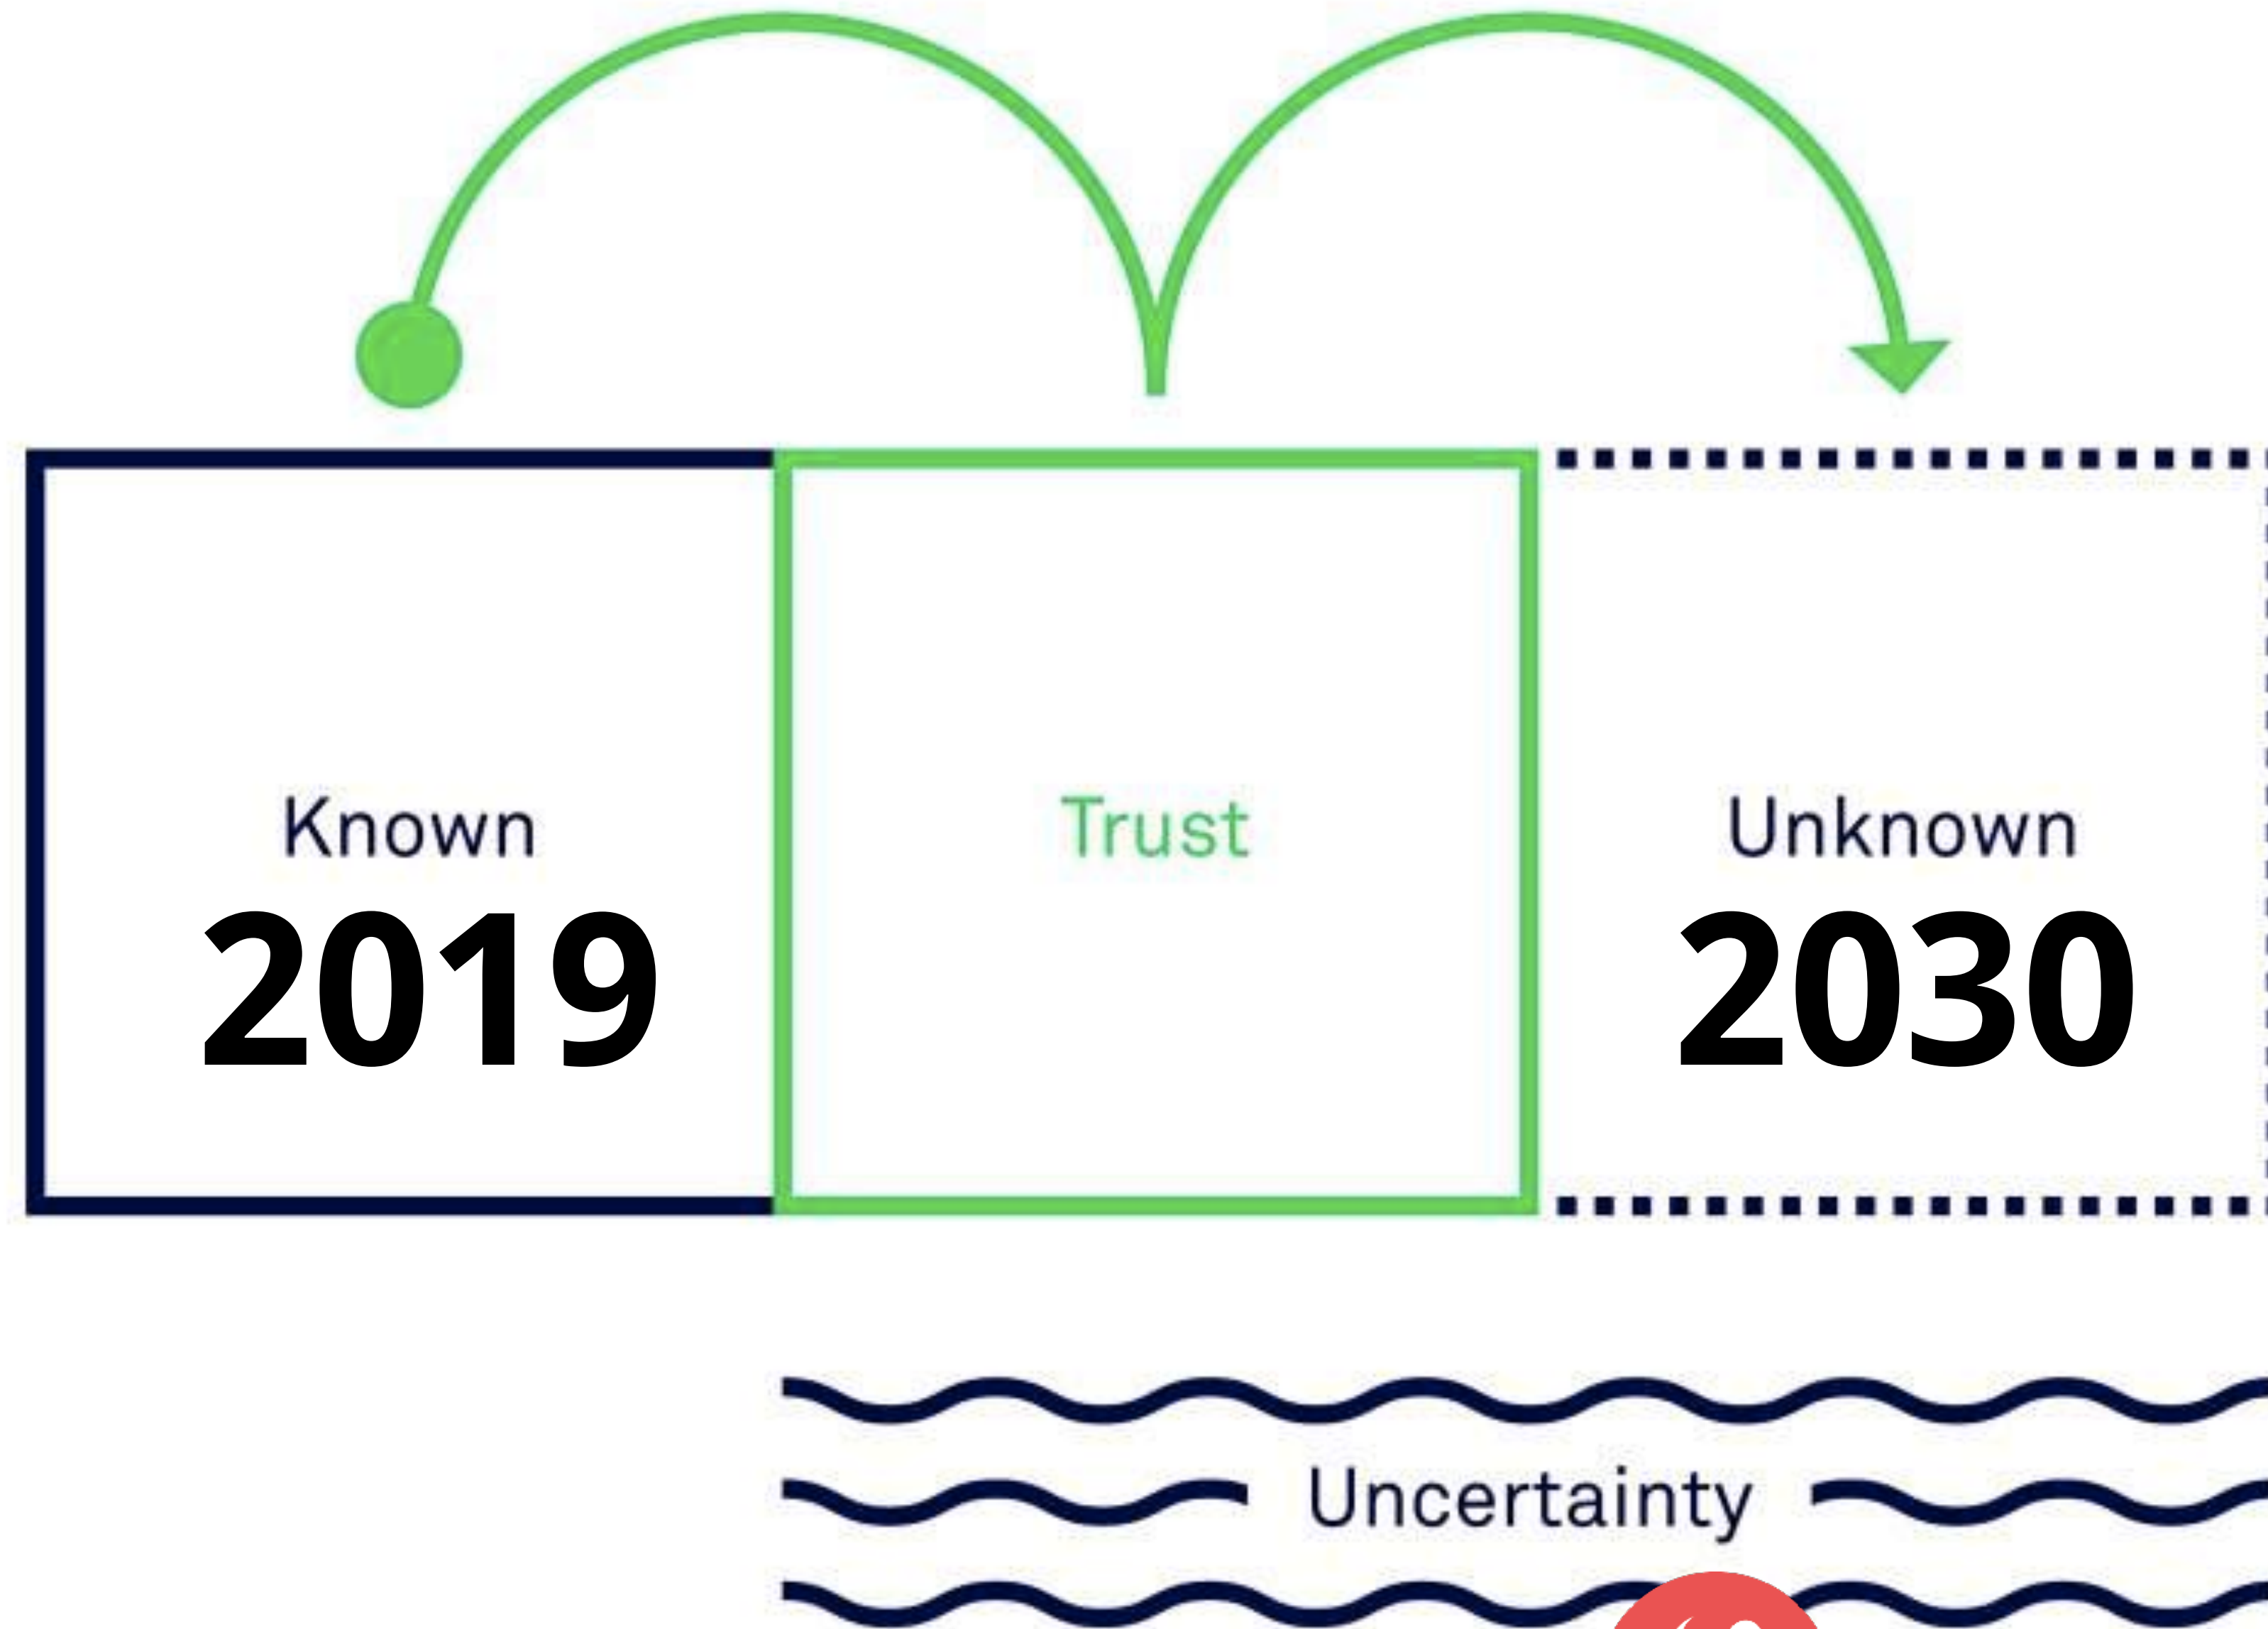

<https://www.economist.com/leaders/2019/10/03/the-rise-of-the-financial-machines>

‘Funds run by computers account for 35% of America’s stockmarket, 60% of institutional equity assets and 60% of trading activity.’

‘New artificial-intelligence programs are also writing their own investing rules, in ways their human masters only partly understand.’

> 2030: WAAG DE SPRONG

‘Trust is a
confident relationship
with the unknown.’
